9<sup>TH</sup> ANNUAL YOUNG NUMISMATIST

LIVE **YN** AUCTION

October 14, 2023

## The 9th Annual Live Auction is October 14

The annual Live Young Numismatist Auction is almost here! With the catalog available online, you can develop a strategy by deciding how much you are willing to spend on each lot, based on the amount of YN Dollars you have in hand.

Make sure to read the rules in the catalog before the auction takes place, too.

**To Register:** Email [sgelberd@money.org](mailto:sgelberd@money.org) your name, address, phone number and screen name from your Google account. Those who register will receive a confirmation email.

**YN Dollars are the only** form of payment accepted for auction items. Only current ANA members ages 5-17 may participate.

**When:** Saturday, October 14, 10 a.m. (MT)

**Where:** Online! YNs must have a Google account to participate in the auction

## Important "Do's and Don'ts" to Keep in Mind for the Live Auction

DO

- Register to participate **no later** than Tuesday, Oct. 10 at midnight (MT). Trying to register after this time will not allow you to participate. Trying to join the chat the morning of the auction will not work. Bids are not accepted unless it is from a valid screen name.
- Read **ALL** of the [auction rules, terms & conditions of sale, and tips](#) well before the auction. Review the lots in advance and decide which ones interest you the most.
- Develop a strategy by deciding how much you are willing to spend on each lot, based on the amount of YN Dollars you have in hand (and follow this strategy!).
- Bid early if you are serious about winning a lot. There is a time delay between the actual time at the ANA and the time it takes for bids to get uploaded to the website. Make sure you don't lose out on lots because once the hammer falls and a lot is closed, that lot is done and we move on to the next one (**do not hesitate**).
- Keep track of the lot(s) you've won, and keep a running total of how much you will have to send in for payment – you don't want to realize you ran out of YN Dollars for something you really wanted.
- Click on the [View Bidding Increments Here](#) link on the YN Auction page of the ANA website. These are the amounts that will be accepted for bids. You may place a "cut bid" (or a bid for less than the next bidding increment amount) **only after the opening minimum bid has been announced and placed by someone**.
- Make sure you have resolved any technical issues well before the auction starts (is your portable device fully charged?)
- Don't try to arrange deals with other YNs for specific lots. It is up to you to bid strategically for any items you are interested in. Asking your friends not to bid on something just because you want to increase your chances of winning often does not end well. There are several YNs bidding on these lots, so it is up to **YOU** to develop a winning strategy, based on the amount of YN Dollars you have and are willing to part with.

- Don't try to place "buy" or "unlimited" bids before the auction starts. Bids for each lot are only accepted live and for only one lot at a time. Minimum bids are already posted in the catalog. Unless the auctioneer states otherwise, you may not place a cut bid for lower than the opening amount.
- Don't ask if you can use "real" money to pay for any lots. **YN Dollars are the ONLY form of payment accepted for an ANA YN Auction.**
- Don't send in payments without having received an invoice first! And if you cannot send the exact amount for payments, no worries – you will receive change in YN Dollars.
- Don't try to bid on any lots for a friend or relative. YN Dollars are not transferable, and it is the sole responsibility of each bidder to be sure they are current ANA members and have registered ahead of time, if they wish to participate.

***The auctioneer reserves the right to deny any bidder a particular lot, if it has been determined that one or more of the auction rules are not being respected.***

Email [sgelberd@money.org](mailto:sgelberd@money.org) to register, or if you have any questions about the auction, any of the lots, or YN Dollars.

After addressing the attestations of private financing of coinage in epigraphic, literary and numismatic sources, this lecture will focus on

the presence of local women on the civic coinage issued in the Roman provinces.

*Learn what makes medals stand out and how to shop smart.*

The YN Perspective from the October 2023 *Numismatist* by Kenny Sammut

As promised in my previous article (June 2023, p. 89), this month, I will delve into the expansive world of medals. Medals are usually made for commemorative purposes to honor a person, achievement, event, or location. Not intended for circulation, these treasured mementos are specially prepared and intended to be displayed. Many medals were struck as presentation pieces and given to dignitaries in various political offices or the military.

Others were made as awards, many times inscribed with the initials or full name of the winner and the competition they placed in. Researching inscribed names can reveal fascinating provenances. As such, medal collecting is a fantastic way to learn about history.

## Own a Piece of History from the Money Museum

**ANA members receive a 20% discount on their winning bids!** All proceeds will be used to support the Museum's educational mission.

Money Museum auctions take place every third Thursday of the month. **YN Dollars are NOT allowed to be used to purchase these deaccessioned items – YN Dollars can only be used to "purchase" items in the official ANA YN Auctions held each month.**
